MESSAGES

Principal

Let me dedicate this yearbook to the success of each person at Highlands. Remember however, that following the path of least resistance is what makes men and rivers crooked. We seldom drift to success. It depends upon you. You have to steer your own course.... or dig your own pit. Keep in mind too that no success or failure is necessarily final.

N. Jaques

President

As President of the Student's Council I would like to thank all the teachers and students for making this a most enjoyable year. I would also like to thank Mr. Jaques, Mr. Fricker, the secretaries, and the other members of Student's Council for their kind patience and support.

I would like to wish the Student Councils of the future "good-luck", and hope they will have the chance to share the memorable experiences that we have had the good fortune to encounter.

Best wishes for the future.

Trudy Leskewich
